

SOUTH HURON COMMUNITY FUND

WHO WE ARE

Following the Community Foundations of Canada model, the **South Huron Community Fund** is a registered non-profit that was established to:

- Seek and manage funds that are invested for the long-term benefit of our community; and
- Use the investment income from these funds to support local charities and charitable projects close to home through annual grants.

Our volunteer committee is comprised of local residents who want to build a stronger, more resilient community to live in.

WHAT WE DO

The fund is dedicated to meeting the long-term needs of our community as defined by its residents. Our primary focus is attracting and developing legacy funds of those individuals or organizations that want to optimize their philanthropic potential. Our initial fundraising target is \$100,000, which will yield meaningful grants each year thereafter to local charities.

Once we reach this target and the fund has generated investment income, calls for grant applications will be made to the local public. Given our fund's long-term money management strategy combined with our community-builder mindset, we will support and reinforce the work of other non-profit community groups - we are here to complement their efforts!

HOW YOU CAN MAKE A DIFFERENCE

There are three ways to support our community through the South Huron Community Fund.

1. Donate a financial gift that will give forever! The **Grand Bend Community Foundation** offers donors tax deductible receipts and recognition to those who wish it.
2. Spread the word to your friends and colleagues about us!
3. Get involved! We welcome new volunteers to help power this community-driven initiative!
